

ROCCER projector lamps could be applied to all kinds of famous brands' projectors. We have more than 3000 kinds of housing for projector lamps. The housing is made with heat-resisting and environmental materials which could effectively prevent the damage to the projectors.

Advantage

- Maintaining stable color performance
- High luminous flux
- Enduring higher temperature
- Longer using life
- Reducing lumen depreciation

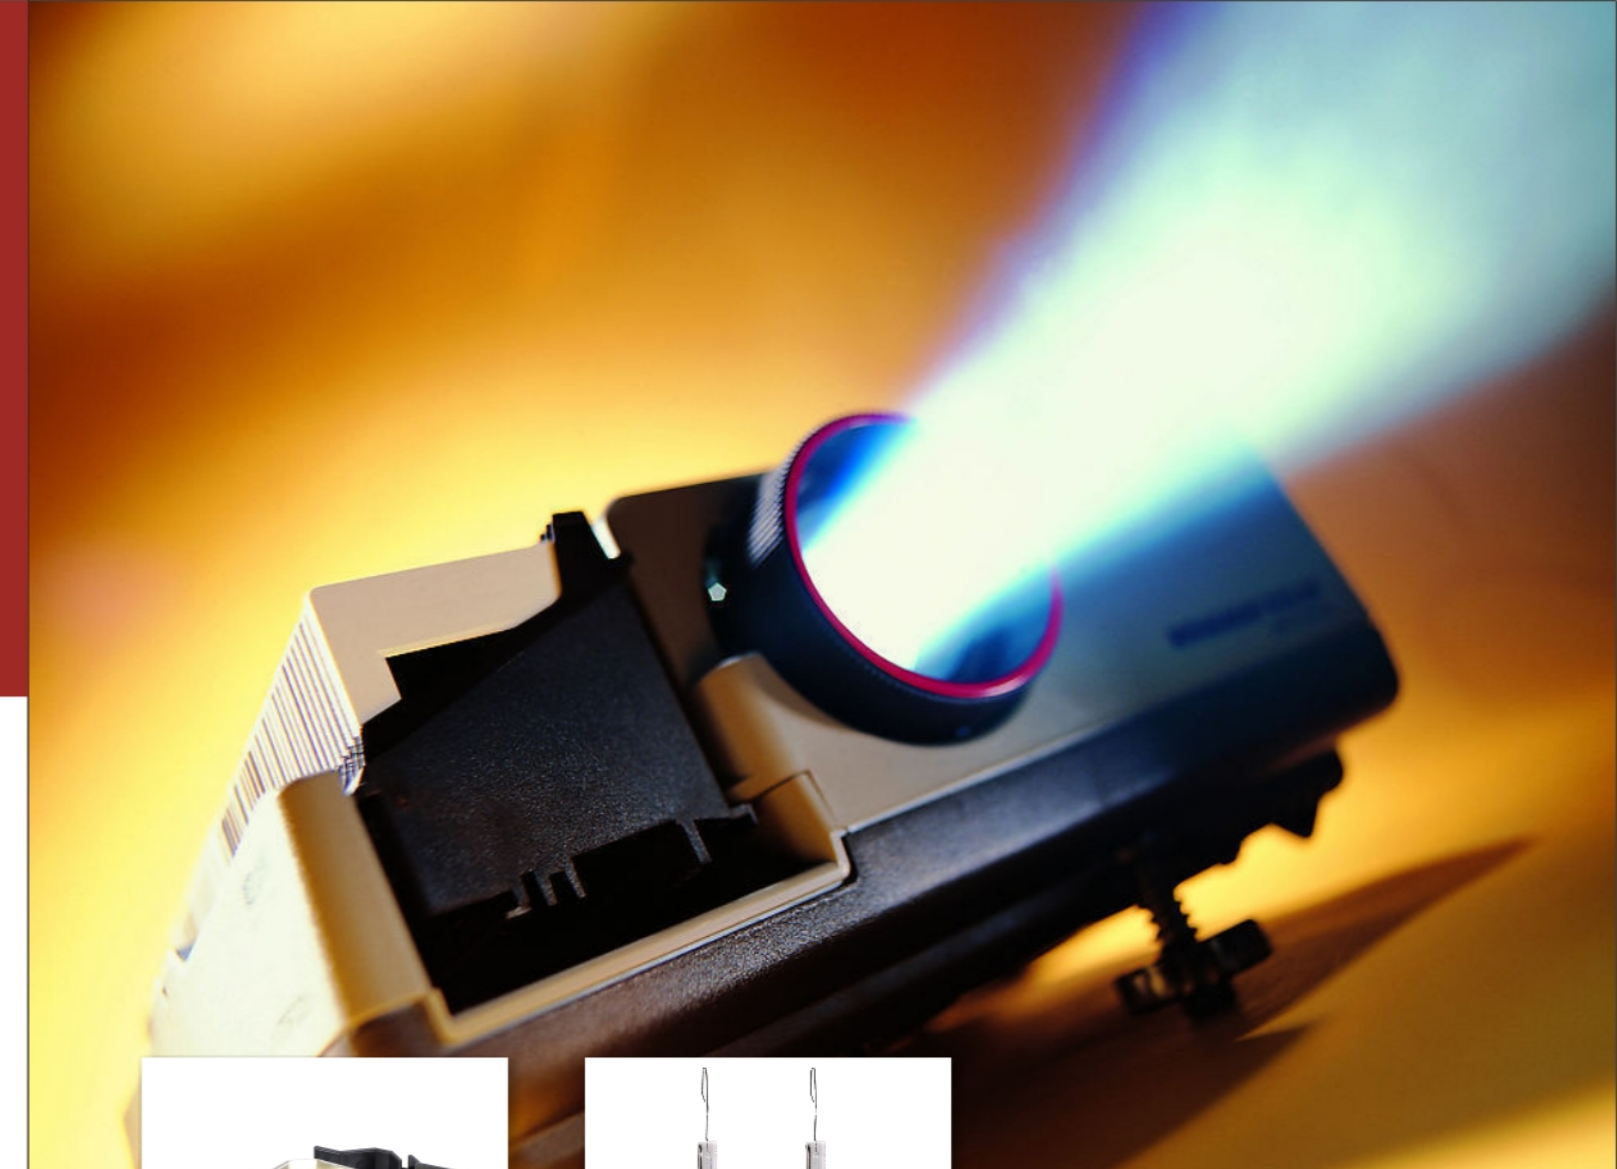

ROCCER compatible bare lamps could be widely used in projector, cinema, rear projection TV, entertainment equipment, stage equipment, AQI testing equipment and so on.

All bare lamps are made with imported cup which could endure high temperature and bring longer life, best luminous efficacy.

Advantage

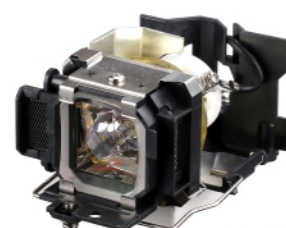

- Pure white light, closing to sunlight
- High luminous flux
- Longer using life

- (a)History
Our factory is professional in special lighting field for over 20 years since 1994. All products take a leading way in domestic and overseas market due to growing technique and reliable service.
- (b)Product Category
Video projector lamps, Projection TV lamps, stage lamps
- (c)Technology Team
Around 20 professional technicians with more than 15 years' experience on lighting
- (d)Imported Raw Materials
GE(USA), NIPPON(JAPAN), PLANSEE(AUSTRIA), APL,NOVA(USA)
- (e)Imported Equipment
MBRAUN, LEYBOLE(Germany), VENTRUE(USA), SAES(ITALY)
- (f)Working Environment
Dust-free workshop

ASSEMBLING PROCESS AND PRODUCT TESTING

Each lamp is made through 20 procedures, every procedure has been strictly tested. Each lamp has its own number to register Voltage, Color temperature, Luminous flux and so on, leaving the evidence to track the quality of each procedure.

Testing Result other TAIWAN brands ROCCER PHILIPS

ROCCER high pressure gas discharge lamp is the special lighting with high optical technology. The average life could be over 2000hrs; the luminous flux and efficacy could reach 90% of PHILIPS and OSRAM. ROCCER series lamps are the ideal compatible lamps among import lighting because of its high quality and competitive price.

Model No	Power(W)	Voltage(V)	Color Temperature(K)	Luminous Flux(lm)	Life(h)
